1 SCOPE

In scope

Keep reporting: FY2026 route, then revised ESRS from FY2027

- You stay in scope without a break.
- For FY2026, choose: pre-Omnibus ESRS, pre-Omnibus ESRS plus reliefs, or revised ESRS in full.
- From FY2027 the revised ESRS are mandatory.
- The value chain cap applies to what you can ask suppliers with up to 1,000 employees.

2 FY2026 ROUTE OPTIONS

ROUTE A

Keep it as it is

Fits if: Your 2025 process works and you want to compare with last year.

ROUTE B

Keep it, with shortcuts

Fits if: Your assessment is heavy, your value chain data has gaps, or you have acquisitions, disposals or joint operations in 2026.

ROUTE C

Switch early

Fits if: You are starting with ESRS now, or you are redoing your assessment anyway and your systems and auditor are ready for the new structure.

3 DATAPOINTS

~~385~~ -> 166 -57%

ESRS 2 plus E1 Climate change, E2 Pollution, E3 Water. 86 apply without conditions. Mandatory datapoints, counts from EFRAG's 2026 Draft List, excluding the general datapoints.

4 DATES TO PLAN AROUND

- 10 Nov 2026: revised ESRS enter into force
- 19 Mar 2027: Member State deadline to transpose Omnibus I
- FY2027: revised ESRS mandatory for everyone in scope (report in 2028)
- FY2028: non-EU groups under Article 40a (report in 2029)
